

# DRIVER INTERACTION WEB PORTAL

 OnBoard

**OnBoard** is an online portal which allows drivers to interact with the traffic office and Trapeze's Duty Allocation System - wherever and whenever they wish, taking advantage of the latest mobile technology and offering a simple and user-friendly interface.

OnBoard not only offers core driver interactions; it has been developed as an expandable platform - ensuring it grows to meet the driver interaction requirements of tomorrow and beyond.

## Core Functionality

- Driver self-service & messaging
- Slick modern interface
- Available as an iOS (Apple) or Android (Google) app, or responsive Website

## Additional Modules

- Roadside sign-on (including pre sign-on to indicate driver is en route)
- Swap club
- Late running (overtime requests)

## ONBOARD: Key Benefits

- Streamline office-driver interaction & communication
- Engage & retain drivers
- Embrace truly mobile sign-on
- Facilitate centralisation while retaining driver communication

*OnBoard is a landmark development in driver interaction, benefitting drivers, office staff and operational management alike.*

*Access wherever, whenever*
